

AMENDMENTS TO THE TITLE

Please amend the title as follows:

HAND-HELD IMAGE CAPTURE APPARATUS WITH SCANNING ARRANGEMENT

## AMENDMENTS TO THE SPECIFICATION

### 1) Abstract

Please amend the abstract as follows:

#### ~~Hand-held Image Capture Apparatus~~

An image capture apparatus ~~(1)~~ comprises: has a combined electronic camera ~~[[ (2) ]]~~ and swipe scanner ~~(4)~~, the ~~The~~ electronic camera ~~(2)~~ having has an associated optical system ~~[[ (8) ]]~~ and detector array ~~[[ (12) ]]~~ for remote capturing of a first image ~~(46)~~ and ~~the~~ The swipe scanner ~~(4)~~ having has an associated optical system ~~[[ (28) ]]~~ and detector array ~~[[ (34) ]]~~ for swipe capturing of a second image ~~(38)~~; and The image capture apparatus further has ~~[[a]] data storage means arranged to store the first image~~ ~~[[ (46) ]]~~ and the second image ~~[[ (38) ]]~~ in association with each other. The electronic camera ~~[[ (2) ]]~~ may be a moderate resolution colour camera, and the swipe scanner ~~[[ (4) ]]~~ may have a grey-scale detector ~~[[ (34) ]]~~ array capable of scanning an object at a higher resolution than the camera ~~[[ (2) ]]~~. A display ~~[[ (6) ]]~~ is provided so that both images ~~[[ (38,46) ]]~~ can be viewed separately in association with each other, or combined into a combination image, which has colour information from the camera ~~[[ (2) ]]~~ to colourize higher resolution pixels from the scanner ~~[[ (4) ]]~~.

### 2) Specification

A substitute specification is submitted with this response. This substitute specification contains the headings which were omitted from the originally filed document. Double-spacing has been used and the font has been changed to facilitate easy reading and interlineations if required. A redline specification which faithfully incorporates all of the changes made, is also submitted.
